FALL/WINTER 2017

Welcome to Carver Connections. A newsletter for parents that highlights CCF news and events.

## CCF/Sports Boosters Have a Fun Night Raising Money

On Friday, November 3, the Annual Sports Boosters Bull Roast was held at the Valley Mansion. The Annual Bull Roast is to help raise funds for our Carver Center Athletics. Attendees enjoyed an extensive dinner, drinks, games, music and dancing. One parent attendee, Beth O., said the “Food was very good. The music was good and there was lots of dancing.” The 50/50 raffle sent one lucky attendee home with \$400!

Chip Kalisch is a Carver Center sophomore parent who generously donated his time and talent as the mix-master to the Bull Roast. His website is [www.ckproductions01.com](http://www.ckproductions01.com).

## Carver Theatre Company’s Performance of Young Frankenstein was a Scream

For 3 nights in Mid-November the Carver Center’s auditorium was filled with laughter and applause as Mel Brooks classic Young Frankenstein was played out on stage. The young performers, stage hands and technical students were amazing bringing this comedy to life. Of particular note, the ability to raise, on multiple occasions, the “operating table” from which the 7 foot tall monster came to life! This feat was made possible by the generous donation from the Carver Center Foundation for a mechanical lift. We should all be proud that from the efforts of the CCF our wonderful students were literally able to reach for the stars or in this case another round of applause!
